

# GET THE FACTS

## ON LOWER FREDERICK TOWNSHIP

This mailer was paid for by LFRC PAC

Lower Frederick Township supervisor candidates Rob Wisler and Katie Lewis have committed to run a positive and fact-based campaign.

Recently, the opposition has taken to social media to misinform you about both Rob Wisler and Katie Lewis.

We are all neighbors. Deception is not acceptable. Here are the facts.

### Open Space

Rob Wisler and Katie Lewis strongly support the preservation of open space in Lower Frederick Township.

They will advocate to protect our land and provide our planning commission with necessary tools and resources to ensure the township's Master Plan does the same.

### Management

Rob Wisler and Katie Lewis know Lower Frederick Township can be better managed. They are committed to working with all residents, staff, police officers, and those wishing to work with the township.

Under current leadership, there has been more turnover in our township among staff and police officers than any other neighboring municipality.

### Sewer Rates

Rob Wisler and Katie Lewis have seen and heard from residents that sewer rates continue to rise exponentially.

They will fight to stabilize rates. Residents using sewer have been struggling for too long. It's time to help our fellow residents.

### Transparency

Rob Wisler and Katie Lewis have the singular goal of doing better for our residents.

We will defend the Sunshine Act and ensure that you are informed and heard.

### Private Property Rights

Rob Wisler and Katie Lewis have firsthand experience with the obstacles associated with private property improvements.

They will bring a fresh perspective to the entire process. They will work with other supervisors to eliminate redundancy and streamline the process to make it "user friendly". They will focus on helping residents live better in the township.

### People-Driven; Not Politics Driven

Rob Wisler and Katie Lewis will focus on policy positions not party preferences.

They will support Republicans, Democrats and Independents for appointment to township boards and commissions who hold their same perspectives on these key issues.

People first, not politics.
